

Trimmed sizes of paper
C series

DIN
476
Part 2

Papier-Endformate; C-Reihe

This standard, together with
DIN 476 Part 1, February 1991
edition, supersedes DIN 476,
December 1976 edition.

Dimensions in mm

1 Scope and field of application

This standard specifies the trimmed sizes of the C series intended for envelopes, briefcases, folders, etc. for use with writing paper of the A series.

2 System of measurement

Cf. DIN 476 Part 1.

3 C series

3.1 Basic principle

The C series is obtained by placing the geometrical means between adjacent sizes of both the A and B series in sequence (see table).

3.2 Trimmed sizes

Table

| Designation | C series (millimetres) |
|-------------|------------------------|
| C0 | 917 × 1297 |
| C1 | 648 × 917 |
| C2 | 458 × 648 |
| C3 | 324 × 458 |
| C4 | 229 × 324 |
| C5 | 162 × 229 |
| C6 | 114 × 162 |
| C7 | 81 × 114 |
| C8 | 57 × 81 |
| C9 | 40 × 57 |
| C10 | 28 × 40 |

3.3 Tolerances

Unless otherwise specified at the time of ordering, the dimensions specified in subclause 3.2 are subject to the following limit deviations:

for dimensions up to 150 mm: ± 1 mm;

for dimensions greater than 150 mm and up to 600 mm: $\pm 1,5$ mm;

for dimensions greater than 600 mm: ± 2 mm.

Continued on pages 2.

Standards referred to

- DIN 476 Part 1 Writing paper and certain classes of printed matter; trimmed sizes; A and B series (ISO 216:1975)
ISO 216-1:1975 Sizes of paper and board; specification for A and B series of trimmed sizes of writing paper and certain classes of printed matters

Other relevant standards

- DIN 678 Part 1 Sizes of envelopes
DIN 680 Window envelopes; sizes and position of the window

Previous editions

DIN 476: 08.22, 07.25, 04.30, 04.39, 12.76.

Amendments

In comparison with the December 1976 edition of DIN 476, the standard has been split up into Part 1 (A and B series) and Part 2 (C series).

Explanatory notes

International Standard ISO 216 covering the A and B series of writing paper and certain classes of printed matter has been adopted as a European Standard (EN 20216). This standard has been incorporated in the body of German Standards as DIN 476 Part 1, the C series (which is continued to be used at the national level) being dealt with in the present standard.
